

BREAK OUT OF JAIL

Lansing Burglars and Four Reform School Boys

EASILY ESCAPE FROM MASON.

The Turnkey Overlooked a Boy on the Cage and He Quickly Released the Prisoners.

Mason, Mich., May 7.—"Doc" Bentley and Frank Donnelly, the famous Lansing burglars, and the four reform school boys recently arrested for an attempted escape from that institution, broke jail here at 9 o'clock last night. At a late hour they had not been captured. Their method of escape was certainly unique. They had been locked up for the night in the cage in the center of the brick walled room. At least the guards thought they were locked in. It seems, however, that one of the boys had hid on top of the cage and had not been noticed. The guard looked the others in and did not notice that one was missing. After the guard was gone the boy slid down, let out his companions and then the two men from Lansing. They then took off the top of the register and slid down to the cellar and then out to the open air. It was some time before they were missed, and there was then no trace of them. Sheriff McEwen is in Detroit and a message was at once sent to him appraising him of the escape.

Killed at a Crossing.

Detroit, Mich., May 7.—John Smeltz and his wife, who live in Springwells near Military avenue and the railroad crossing, were returning home from doing their marketing about 10:30 last night. As they approached the crossing they noticed a Flint & Pere Marquette train coming but thinking they had time to cross they started over. The train was moving at a faster rate than the couple supposed. Smeltz crossed safely by a narrow margin, but his wife, who was slightly behind him, was struck and thrown to the ground away from the train. When help reached her it was found that she was dead. Coroner Beutcher was notified and will hold an inquest on Tuesday afternoon.

Mines Running Half Time.

Lansing, Mich., May 7.—The Norrie mine at Ironwood, the largest iron ore producer in the world and which showed 3,000,000 tons last year, has laid off the night shift. The men work week and week about. The large mines are firm in declining the figures offered for Bessemer ore by western furnaces and unless offers are advanced 25 to 50 cents a ton several large producers will follow example of the Colby mines and close down altogether. Mine owners are unanimous in saying they cannot produce ore for prices offered, and as many mines are closing down they undoubtedly speak truth.

For Killing His Father.

Point, Mich., May 7.—The case of Guy Bathrick, charged with shooting his father at their home in Novi township on December 15, comes up before Judge Moore for trial on Monday. The case is attracting a great deal of interest, and both sides will make a hard fight. Popular sentiment is in favor of the boy, whose claim that he committed the deed in self defense is borne out by statements from his mother, brother and sister. All the family are well known and respected citizens. Over 100 witnesses have been subpoenaed to appear, and an extra panel of fifty jurors ordered.

May Turn Coleman Down.

Lansing, Mich., May 7.—Owing to the fact that numerous protests have been filed by depositors against the appointment of Merritt L. Coleman as receiver for the Central Michigan Savings bank, Judge Person still has the matter under advisement, and will not announce his decision until Monday. Coleman will in all probability be turned down, notwithstanding the fact that both directors and bank commissioners recommended his appointment.

Stole Ten Kegs of Beer.

Saginaw, Mich., May 7.—The police have been working for several days on a robbery of a Flint & Pere Marquette freight car from which ten kegs of beer were stolen. The officers arrested the following boys: Fred Kolbath, Frank Smith, William Lewis, Charles Luke, James Calahan, Daniel Stelens, John Smith, Peter McDougal and William Douglas. The boys will appear for trial May 12. Mr. Stalton is the owner of the beer.

Heir to a Fortune.

Huron, Mich., May 7.—By the death of his uncle, Frank Barr, who has made his home with him in Huron during the last six years, C. B. Stowell has inherited a handsome fortune. Mr. Barr was a newspaper man in New Hampshire, and a close associate of Vice-President Wilson. He went to Wisconsin and amassed a fortune at money lending. Mr. Stowell is his only living kinsman.

Warrant for a School Teacher.

Hockley, Mich., May 7.—A warrant has been issued for the arrest of Miss Lillian Clark, charged with striking Emma Harper on the head ninety-five times with a heavy ruler. Miss Clark teaches the R grammar room in Union school here. The case has caused much excitement. Comparable complaint has heretofore been made of the same nature, but this is the first arrest.

Alba Rossmann Dead.

Albion, Mich., May 7.—Alba Rossmann, a resident here since 1887, died at half past 1 o'clock this afternoon, aged 81 years. He founded the first machine shop and foundry in this section and was an enterprising, charitable and highly esteemed. He built the first bridge and engine for the first steamboat that navigated the Kalamazoo river.

For Splitting His Head.

Saginaw, Mich., May 7.—Edwin Harris and Frank Glinkey of Lakefield township had an altercation March 11 over the running out of a ditch, and in its course Glinkey cut Harris' head open with a shovel. Mr. Harris sued Glinkey for \$100 damages for the assault and the jury has awarded the whole amount, Glinkey being assessed \$10 in addition.

Physicians Have Found Out

That a contaminating and foreign element in the blood, secreted by rising action, is the cause of rheumatism. This secret upon the sensitive and cutaneous covering of the muscles and ligaments of the joints causing constant and shifting pain, and aggregating a dangerous, chronic deposit which produces stiffness and distortion of the joints. No fact, which experience has demonstrated in regard to Hostetter's Stomach Bitters, has stronger evidence to support than this, namely, that this medicine of comprehensive uses checks the formidable and atrocious disease, nor is it less positively established that it is preferable to the poisons often used to arrest it, since the medicine contains only salutary ingredients. It is also a signal remedy for malaria, fevers, constipation, dyspepsia, kidney and bladder ailments, debility and other disorders. See that you get the genuine.

That cough, slight fever and weakness, shortness of breath, palpitation of heart, may mean sure and quick consumption. If you are nervous, restless, irritable, sleepless or wake after horrid dreams, tired mornings, with a dull headache, and taste in the mouth, sometimes discharges and go about your employment without life, energy or ambition, desire to be alone, gloomy forebodings, a disposition to worry and fret about trouble ahead that never comes, spells of feeling afraid or uncertain, sometimes low spirits, you are suffering from nervous debility and exhaustion of nerve power, which may end in utter prostration, insanity and death.

If you have a great sense of weakness and weariness, with tired limbs, numbness, trembling, prickly sensations, cold feet and legs, you are advancing to that most terrible disease—Paralysis.

If your head aches, feel numb and tired, with strange sensations, loss of memory, and you think with difficulty or you are sleepless at night, with drowsiness and dizziness during the day, the nerve and brain fatigue may soon run into insanity or death.

If you have any of these feelings, do not neglect them, as they will end in paralysis, insanity, prostration or death.
